

# ERGOHUMAN ADVANCED ENGINEERING

Designed and manufactured in-house by Comfort, we control 100% of the design and manufacturing processes from concept to creation.

The Ergohuman range is a perfect fusion of art and science, featuring flex zones that ensure constant support of back and lumbar, adjustable arm rests for unparalleled support and a height-adjustable, pivoting headrest for full cranial support.

Ergohuman is ideal for those who are in an office chair for long periods of time and who require intensive use seating. With advanced aesthetics, form and function, this ergonomic chair utilises a twin-pivot or synchro-tilt mechanism delivering ultimate adjustability for all users. The Ergohuman can be used as 24/7 seating and is certified to EU standard EN 5459.

# ERGOHUMAN LUXURY

### **OVERVIEW:**

The Ergohuman Plus Luxury model takes our top selling chair to new levels, with enhanced aluminium detailing, an independent forward seat tilt function and a deluxe five-star base. Ergohuman Plus Luxury is the ideal high-end executive office chair.

Using the ingeniously simple single lever control to operate the three most frequently used chair functions - seat height, seat depth and back tilt can all be operated from a single point of contact. Arms are cleverly integrated into the rear of the mechanism to allow closer-to-desk working.

The Ergohuman Luxury also boasts 98% recyclability, has Greenguard Gold Certification and meets EN 5459, EN 1335-2:2009 and EN 1335-3:2009.

Available in a choice of mesh, fabric or leather with polished aluminium frame and base.

### FEATURES:

ALUMINIUM DETAILING
SINGLE LEVER CONTROL
TWIN PIVOT CONTROL MECHANISM
DUAL SPRING TECHNOLOGY
INDEPENDENT 5° FORWARD SEAT TILT
SEAT SLIDE

ENHANCED WATERFALL FRONT SEAT
SEAT PRESSURE REDUCTION INSETS
AUTOMATIC LUMBAR SUPPORT
LOCKING HEIGHT, ANGLE, WIDTH & DEPTH
ARMREST ADJUSTMENTS
OPTIONAL HEADREST WITH HEIGHT AND ANGLE
ADJUSTMENT

ALL PARTS OF THE CHAIR ARE REPLACEABLE AND KEPT IN STOCK FOR LONGER LIFE-CYCLE

# ERGOHUMAN EITE

#### **OVERVIEW:**

The Ergohuman Plus Elite boasts all the main features of the Luxury model but with slightly less aluminium detailing and without the seat forward tilt to target a wider market.

Using our patented single lever control to operate the three most frequently used chair functions - seat height, seat depth and back tilt can all be operated from a single point of contact. Arms are cleverly integrated into the rear of the mechanism to allow closer-to-desk working.

The Ergohuman Elite also boasts 98% recyclability, has Greenguard Gold Certification and meets EN 5459, EN 1335-2:2009 and EN 1335-3:2009.

Available in a choice of mesh, fabric or leather with polished aluminium frame and a choice of bases.

#### **FEATURES:**

SINGLE LEVER CONTROL
TWIN PIVOT CONTROL MECHANISM
DUAL SPRING TECHNOLOGY
SEAT SLIDE

ENHANCED WATERFALL FRONT SEAT SEAT PRESSURE REDUCTION INSETS AUTOMATIC LUMBAR SUPPORT

LOCKING HEIGHT, ANGLE, WIDTH & DEPTH ARMREST ADJUSTMENTS

OPTIONAL HEADREST WITH HEIGHT AND ANGLE ADJUSTMENT

OPTIONAL COAT-HANGER

ALL PARTS OF THE CHAIR ARE REPLACEABLE AND KEPT IN STOCK FOR LONGER LIFE-CYCLE

# ERGOHUMAN CLASSIC

### **OVERVIEW:**

Our most popular European model – the Ergohuman Classic – features more slimline aluminium detailing to enhance its value in the marketplace.

The simple-to-use single lever control operates the three most frequently used chair functions – seat height, seat depth and back tilt can all be operated from a single point of contact.

The Ergohuman also boasts 97% recyclability, has Greenguard Gold Certification and meets EN 5459, EN 1335-2:2009 and EN 1335-3:2009.

Available in a choice of mesh, fabric or leather with polished aluminium frame and base.

### **FEATURES:**

SINGLE LEVER ADJUSTMENT TENSION CONTROL

TILT LOCK

AUTOMATIC LUMBAR SUPPORT

SYNCHRO-TILT MECHANISM

SEAT HEIGHT ADJUSTMENT

WATERFALL SEAT

BACK HEIGHT ADJUSTMENT

SEAT DEPTH ADJUSTMENT

ARM HEIGHT, DEPTH & SWIVEL ADJUSTMENT

OPTIONAL HEADREST WITH HEIGHT AND ANGLE ADJUSTMENT

OPTIONAL COAT-HANGER

ALL PARTS OF THE CHAIR ARE REPLACEABLE AND KEPT IN STOCK FOR LONGER LIFE-CYCLE

# ERGOHUMAN SEATING INNOVATION

For a full technical specification, please see page 18-19

#### **OPTIONAL HEADREST**

The headrest can be tilted and height-adjusted to suit the user's individual requirements.

#### **BACK HEIGHT**

Raise or lower the chair's back to support the user's back and lumbar region.

### **LUMBAR SUPPORT**

The Ergohuman boasts a patented lumbar system which, unlike traditional chairs, delivers comprehensive lumbar coverage and unrivalled support in every recline position. This promotes a more natural pelvic alignment and helps reduce musculoskeletal complications. A pre-tensioned metal connector provides automatic resistance to the user's lower back which varies with seating positions.

### WATERFALL FRONT / SEAT PRESSURE REDUCTION (Luxury & Elite)

The rounded front seat is designed to reduce pressure points on the underside of user's thighs. In addition, foam panels surround both front and sides of the seat for greater pressure distribution.

### **SEAT HEIGHT**

Raise or lower the chair's seat height to fit the individual user's anthropometric measurements.

### **SEAT SLIDE & TILT\*** (\*Tilt on Luxury only)

This feature allows depth adjustment of the seat to accommodate the length of the user's legs and on the Luxury (EHPL) model, provides up to 5° independent forward tilt.

### TWIN-PIVOT MECHANISM (Luxury & Elite)

This patented dual pivot technology offers more movement and constant support with minimal pressure on the underside of the thighs (first pivot point behind the user's knees and the second point under the ischial tuberosities). This encourages continuous supported body movement, therefore increasing blood circulation and reducing fatigue. An additional lock allows the user to recline in a range of positions.

Dual spring engineering helps the user to find the perfect resistance for their weight, and delivers a smooth and comfortable recline action.

#### **POLISHED BASE**

A choice of two polished aluminium five-star bases with 60 or 65 mm nylon castors.

Height (10 point), depth and angle adjustment.

### MECHANISM (Classic)

Single lever control allows back to recline to a 2:1 back-to-seat ratio for personalised comfort and support.

### TENSION CONTROL (Classic)

Adjusts tension of the mechanism to support the user's weight when in dynamic mode.

Height (8 position lock), width, angle and depth adjustable to allow forearms to rest comfortably whilst taking the weight off your shoulders.

# MODELS &OPTIONS

The Ergohuman is designed for both aesthetic impact and ergonomic excellence. An extensive selection of soft and durable mesh, leather and fabric upholstery offers a variety of colour combinations to suit any environment. This stylish chair delivers outstanding ergonomic comfort and stylish innovation – the perfect example of form and function in complete harmony.

For complementary visitor seating, see Comfort Europe's Lii visitor chair.

# UPHOLSTERY

Comfort are passionate about using mesh on our chairs due to their durability and ergonomic properties. In addition, we have selected a range of complementary leathers and fabrics to mix-and-match. Should you wish to upholster in an alternative material, we work with all the leading contract fabric suppliers and can advise of suitability – non stock items will increase lead times.
