

Polaris medical 2015 - 2016

Thanks to the carefully coordinated selection of products, materials and colours available in Antares Library, products made by our company can be effortlessly combined to create diverse, individual collages.

The largest private hospital in Romania, [Polaris Medical](#) was founded on September 10, 2015 in Suceagu near Cluj-Napoca. With a team of 150 medical doctors, nurses, and auxiliary staff, the hospital offers complete rehabilitation services, neurological, cardiovascular, psychiatry, and palliative care. It offers holistic therapeutic treatment adapted to every patient need.
